Welcome to AURA Inc.
Observatories in Chile

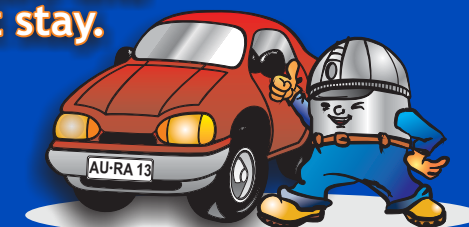

**These recommendations
are for you ..**

Please read them carefully.

**We want you to
have a safe and
pleasant stay.**

For your safety

When you enter the AURA security gate, the guard will follow this protocol:

- Request gate permission and ID
- Record your information on a log sheet.
- Inform you about the current road conditions.
- Give you an orientation about the emergency radio stations.
- Notify your presence on the road to other drivers and mountain staff.
- Monitor your trip time for safe speeds.

On your way to the mountain, follow the instructions below:

- Keep to the right and obey posted speed limits.
- Obey all traffic signs.
- Wear your seatbelt, it's required.
- Reduce your speed on curves.
- Maintain a safe distance from other vehicles (3 second rule).
- Proceed only if the road conditions appears to be safe .
- Watch for, rocks, equipment, people, and animals on the road.
- When you reach your destination, use the radio to notify staff.

Travel Safety

In case your vehicle breaks down:

- Keep your vehicle to the right, set the parking brake and turn the hazard lights on.
- Radio for help.
- Wait for help.

Risk Prevention

If you encounter any vehicle with problems, stop and evaluate the situation to report and provide the necessary assistance.

REMEMBER ... we don't want you to be in photographs like these.

If you are near an EMERGENCY radio station , use it to inform the staff of your situation. If you must walk to it, always walk on the left. Follow the instructions described at the radio station to communicate with security or staff.

In case of accident:

- Stay calm.
- Stop the engine.
- If possible, apply parking brake and turn the hazard lights on.
- Provide first aid if need
- If there is fuel spillage or fire , attempt to use the fire extinguisher.
- If fire is out of control , help your passengers move away from the vehicle.

RECOMMENDATION

Walk down to the emergency radio station, unless you are sure the next station is closer on the way up.
